

# Shared Project Proposal

## 1. Introduction

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore.

Bobby added a paragraph motivating the approach taken below, after the team's kickoff call.

The scope is now restricted to the three use cases agreed on last week.

## 2. Methods

Carol contributed this whole subsection on the evaluation protocol — nobody registered her name or a color in set-revisions, so she still gets an automatic, distinct color and displays under her raw id, “carol”.

This paragraph is unchanged — Alice reviewed it and confirmed it's still accurate, worth marking so nobody re-checks it again.

## 3. Budget

Dave added a line item for external review costs, flagged with a number in case the team wants to discuss it later even though there's no response document here to discuss it in.
