1. Introduction

This study examines treatment effects [after adjusting for confounding](#). ^[R1-1]

An anonymous typographical fix, no reviewer anchor [attached to it](#).

1.1. Background

First mention of a recurring comment, [expanded here with additional detail](#). ^[R1-2]

2. Methods

We used the ~~t-test~~ Mann-Whitney U test as suggested by the second reviewer. [R2-1]

A concern raised jointly by two reviewers addressed with a new sentence. [R1-5, R2-2]

A passage mixing a removal and an addition without being a single ~~old wording~~ new wording replacement. [R3-1]

~~This whole paragraph was removed at the reviewer's request.~~ [R1-3]

3. Results

[Table removed: superseded by the new Table 2.]

[R1-4]

Second mention of the same recurring comment, addressed again here [with more detail](#).

[R1-2]

This paragraph is unchanged; the reviewer's comment just points to it. [R9-9]

Editor-requested fix: ~~old~~ new wording. [E1]
